YUNUS

PEACE BE UPON HIM

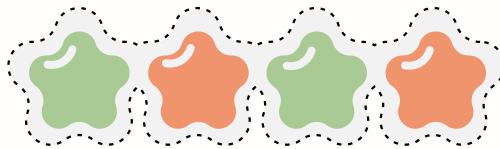

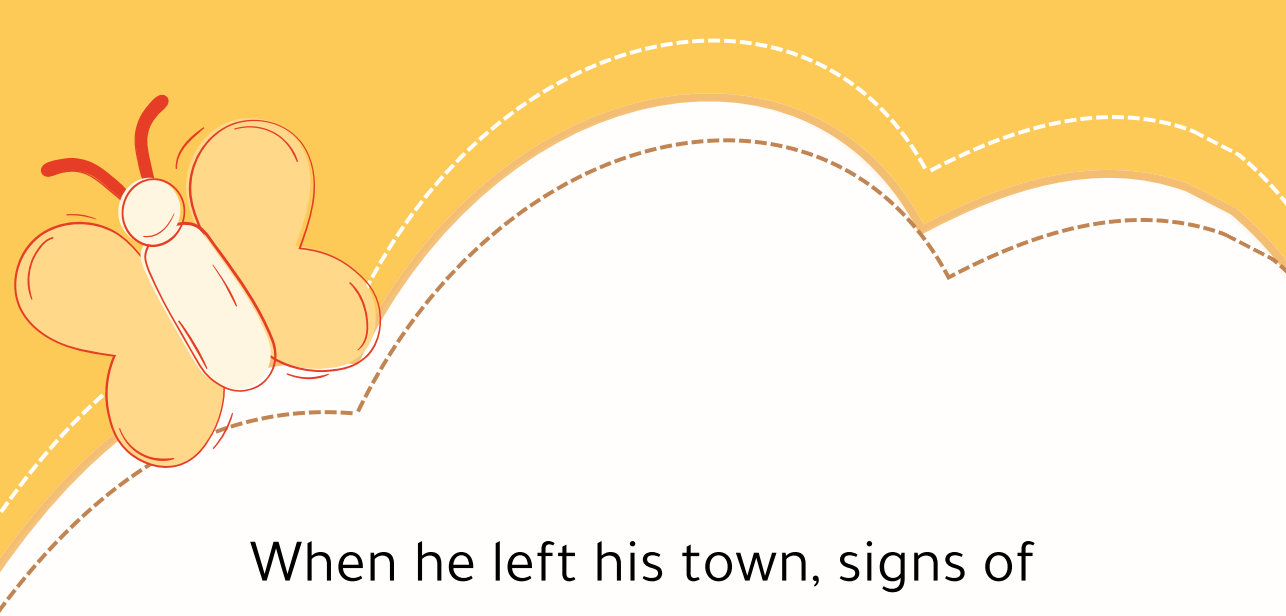

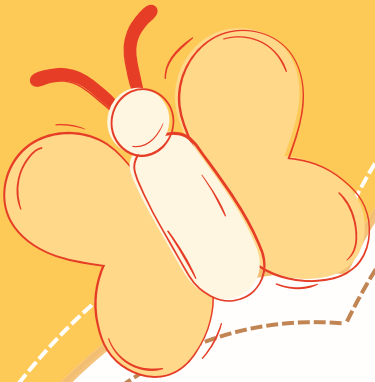

Allah, Almighty and Majestic, sent His prophet Yunus, peace be upon him, to his people who were disbelieving in Allah, the Most High, and worshiping idols, to call them to believe in Allah alone, worship Him, and not associate anyone with Him.

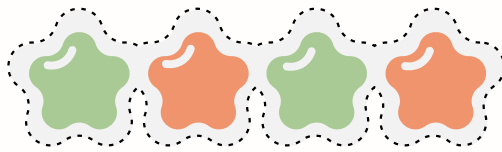

Our master Yunus, peace be upon him, continued calling his people for a long time, but they did not respond to him and harmed him, until his patience ran out and he left his town in anger.

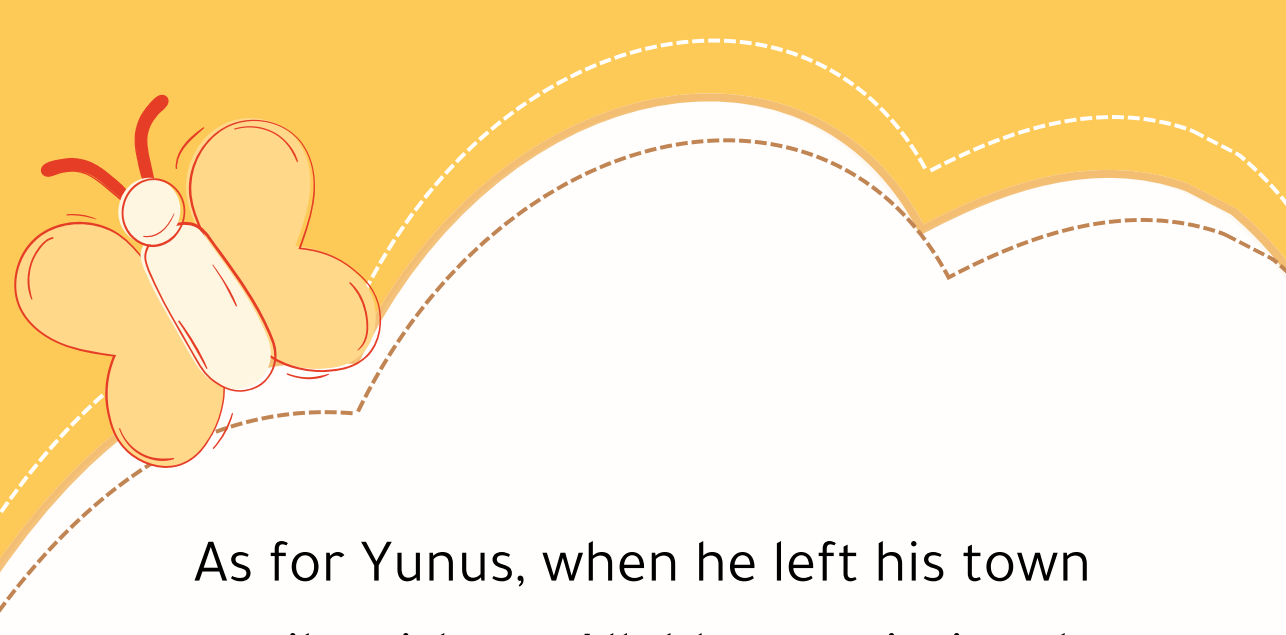

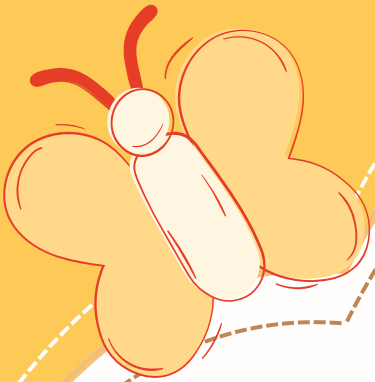

When he left his town, signs of punishment began to appear.

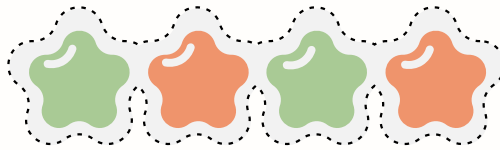

Yunus's people feared Allah's punishment, repented altogether, and believed in Allah, the Almighty and Majestic, so Allah lifted the punishment from them.

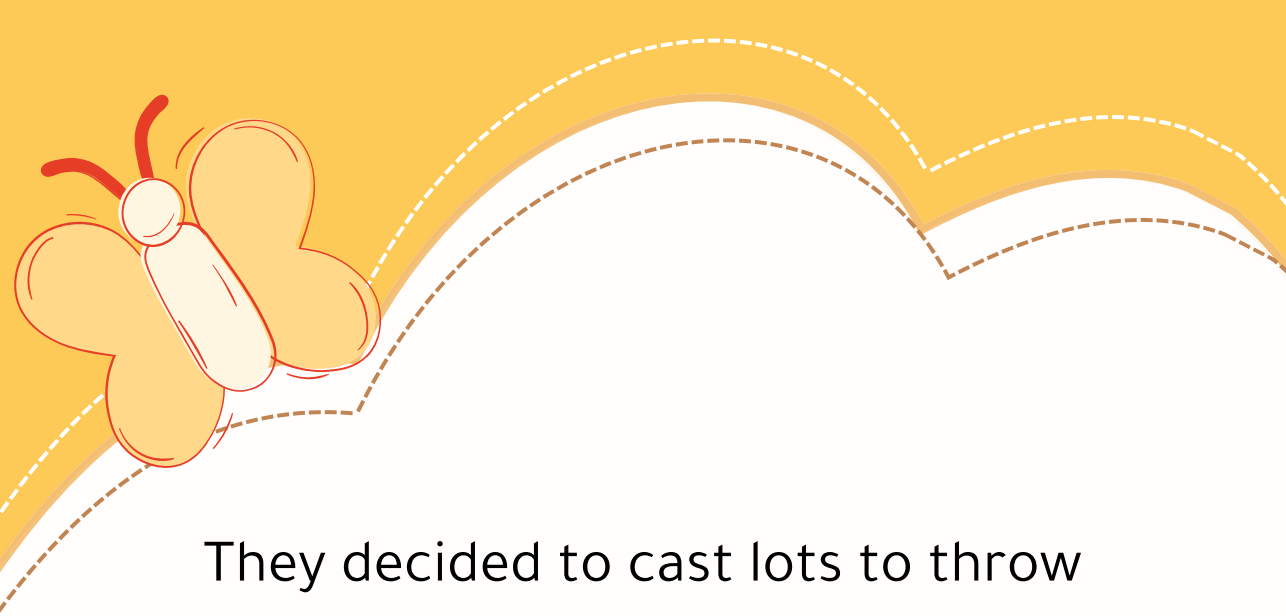

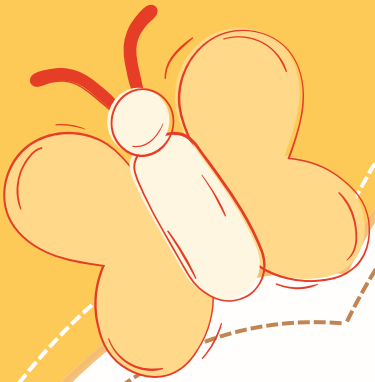

As for Yunus, when he left his town angrily without Allah's permission, he boarded a ship to leave his town.

When they reached the middle of the sea, the ship was violently tossed, and those on board feared that they would certainly drown.

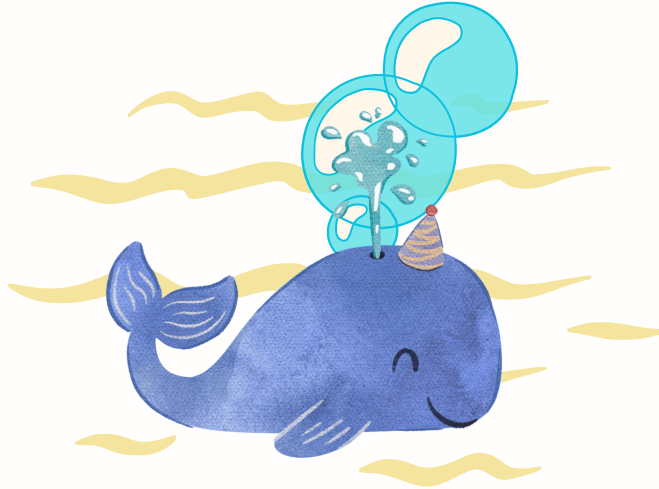

They decided to cast lots to throw someone overboard so that the ship would not sink, and Yunus was chosen to be cast into the sea.

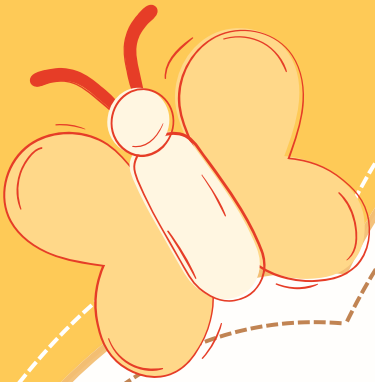

The Prophet of Allah, Yunus, threw himself into the sea, where he was swallowed by a huge whale by Allah's command. Allah ordered the whale not to harm His prophet.

Yunus, peace be upon him, remained
in the belly of the whale glorifying
Allah, worshiping Him alone, seeking
His forgiveness, until Allah
commanded the whale to eject him
onto the shore.

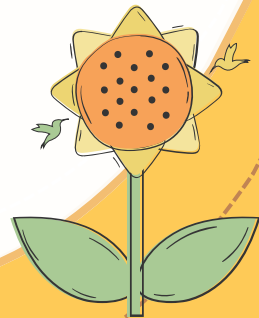

Allah caused a plant to grow around him that he could eat as well as covering his body, keeping insects away, and providing shade.

Yunus returned to his people and found them all believing in Allah alone, worshiping Allah entirely, and following His commands.

It was a remarkable story.

Yunus's people all believed, fearing Allah, and lived a good life until their last days.
